ALDERMAN PRESIDENT

North Carolinian Head of University
of Virginia.

NOTABLES ATTENDED

Birthday Anniversary of the Sage of
Monticello Marked First Change
in Its Government Since
Days of Founder.

Charlottesville, Va., April 13.—The installation of Dr. Edward Anderson Alderman as president of the University of Virginia, which took place to-day, caused universal interest in educational circles as marking the first change in the governmental policy of the institution, established by Thomas Jefferson eighty years ago, and to this noted university the famous statesman devoted the latter period of his life. President Jefferson wrote into its charter that the university's government should be administered by a board of regents, the chairmen for which was to be selected from among the professors. Along these lines the University of Virginia grew to its present place as a potent factor among the higher institutions of learning of the south. Recent developments of the university rendered its efficient administration impracticable under the old methods and a change was made to meet larger demands. Dr. Alderman is a native of Wilmington, N. C. He devoted his life to educational work and was at the head of the university of his state when he left it to take the same place in Tulane (Louisiana) university, which institution he left for his new post of duty.

The ceremonies embraced addresses by leading educators of the nation and governor of the state and was carried out in the assembly hall of the institution. Many persons were here to witness the ceremonies. On behalf of the state Governor Montague delivered the first address. For the faculty Professor H. Smith spoke for the alumni, with "Sister Universities" as his text. Professor Archibald C. Coolidge of Harvard spoke. Nicholas Murray Butler of Columbia university for universities of the north, Walter Barnard Hill of the University of Georgia for the south and President Richard Henry Jesse of the University of Missouri for the west made addresses. President Alderman concluded the programme with his inaugural address.

FISCAL AGENT APPEALS.

Venezuela's Representative at Paris
Addresses People of France.

Paris, April 13.—General Velutini, Venezuelan fiscal agent, in the course of an interview, appeals to public opinion in France in behalf of the course adopted by President Castro. He says the French Cable company seeks to substitute force through government intervention for the usual procedure of Venezuelan courts, and asserts that Venezuela's action against various foreign companies is due to not fulfilling of engagements and lending of support to revolutionists. "What would France say?" General Velutini asked, "if she detected foreign accomplices and plotters against the security of the state?" The general maintains that France should take a sympathetic view of Venezuela's resisting encroachments of foreign corporations.

SWITCH WAS OPEN.

Thought to Have Been Done by a Mis-
creant to Cause a Wreck.

Vicksburg, Miss., April 13.—Ditching of northbound passenger train No. 12 on the Yazoo and Mississippi road at Hardee Station, sixteen miles north of here, was caused by opening of a switch leading to a spur track. The turning of the switch was evidently the work of some miscreant who planned a wreck. Though early rumors were of many deaths and injured, no one was killed and only two injured. James Decoureny, express messenger, had a leg broken. Adelaide Smith, a negress, had a knee sprained. The train was running forty-eight miles an hour. The engine and tender plunged into a ditch and the baggage car passed over. Both the engineer and fireman escaped.

DEMOCRATIC BATTLE CRY.

Congressman Rainey of Illinois Says
Must Be "Back to the People."

New York, April 13.—Congressman Rainey of Illinois, was chief speaker at the Jefferson dinner given here by the Harlem Democratic club. He declared the new battle cry of the Democratic party must be "Back to the people," and be applied to regulation of public utilities. In this connection he said: "If it was found impossible to regulate and control these public utilities so that they are servants, not masters, of the people, Chicago has pointed out the way. Rather than submit to railroad ownership of the instruments of the government, the people will demand and have government ownership of railroads."

Five negroes have been arrested at Hearne, Tex., for whipping a teacher of their race. They did this because the pedagogue chastised a negro girl pupil.

COFFEYVILLE EXCITED

Race War Nearly Resulted Due to
Criminal Assault.

BLACKS ORDERED OFF

Dozen Revolvers Levelled by Negroes
at Head of Chief of Police and
a Number of Arrests Are
Made of Offenders.

Coffeyville, Kan., April 13.—A race war has been narrowly averted here as the result of the assault by a negro upon Mrs. Joe Griffith, white, the wife of a machinist. Negroes of the worst class were ordered to leave town. In anticipation of a clash between the two races the mayor issued a proclamation ordering that all the citizens disarm, and at the same time many special officers were sworn in. Since the negro's attack upon Mrs. Griffith the negroes have been arming to prevent a lynching, as seemed likely, and an attempt to disarm a number of blacks resulted in a dozen revolvers being leveled at Chief of Police Smith's head. The negroes rushed to the scene, when a body of whites stopped them with leveled revolvers. The leader among the negroes was choked into insensibility and the others were subdued, the trouble being averted for the time at least. Many arrests were made. After the arrest of nine of the ringleaders the negroes began to leave the streets. Six more negroes were later arrested without trouble. Four hundred deputies were sworn in with orders to shoot at the slightest provocation. Not a negro was to be found on the streets at 8 o'clock Wednesday night. The white people are patrolling the streets, and they say they are determined to rid the town of bad negroes.

A report came from Lenapah, twelve miles south of here, in the Indian Territory, that the negro who assaulted Mrs. Griffith has been run down and captured. The news caused much excitement here, and there was a renewal of lynching threats.

AGREED TO ACCEPT.

Donation of Rockefeller Will Be Taken
by the Mission Board.

Boston, April 13.—A statement was made public by the prudential committee of the American board of commissioners for foreign missions, which has agreed to accept the \$100,000 offered to the board by John D. Rockefeller. Two weeks ago the prudential committee adopted the report of a sub-committee recommending the acceptance of the money, but in view of the strong protest made by the congregational clergy, final action was deferred until Tuesday, when a supplementary report was made by the sub-committee. This report, with that of two weeks ago, was adopted. A supplementary report, which was made public Wednesday, takes up the objections of the protestants, and asserts that they are not to prevent the board from furnishing the money.

One of the points in the report is the claim of the committee that the board cannot legally return Mr. Rockefeller's money because the decisions of the highest court are to the effect that trustees who have once accepted a gift and assumed certain obligations have no power to return the gift and to absolve themselves from those obligations.

CASES REVERSED.

Circuit Attorney Did Not Verify by
Affidavits Information Used.

St. Louis, April 13.—The supreme court of Missouri reversed and remanded the cases of Charles F. Kelly, formerly speaker of the lower house of the St. Louis municipal assembly, and Charles A. Gutke, formerly a member of that body, who were convicted on charges of perjury and bribery, respectively, in connection with the investigation of the so-called municipal combines. The cases were reversed on the ground that the circuit attorney did not verify by affidavits the informations upon which the men were tried.

SERIOUS RAILROAD WRECK.

Reports First Received Stated Many
Were Killed and Injured.

Vicksburg, Miss., April 13.—By a wreck on the Yazoo and Mississippi Valley railroad fourteen miles north of here first reports said many persons had been killed and injured. The accident occurred at midnight Wednesday night. One report says sixty-seven persons were hurt. Trains were said to have collided. Physicians went from this city.

Seven Persons Injured.

Bellefontaine, O., April 13.—Train No. 43, between Cleveland and St. Louis, one of the fastest trains on the Cleveland, Cincinnati Chicago and St. Louis railway, was wrecked here and seven persons were more or less seriously injured.

Oil Prices Reduced.

Chanute, Kan., April 13.—The price of oil on all grades were reduced two cents per barrel in the Kansas field Wednesday. This makes the maximum price 66 cents per barrel and the price for the lowest grade accepted by the Standard is 47c.

Came Up Again.

Montreal, April 13.—The Gaynor and Green case came up again Wednesday

JAPS DEPARTED.

Hurriedly Vacated a Place, Not Even
Finishing Their Dinner.

St. Petersburg, April 13.—A dispatch from Gunshu Pass, dated Wednesday, says the Russian advance detachment on the Mandarin road pushed forward April 11 and bombed Machiantzy at midday. Japanese infantry and cavalry hurriedly vacated the place, leaving their dinners, maps, etc.

At Texarkana J. O. Huey, a young
white man, was seriously stabbed. C.
H. Johnson, a negro mail clerk on the
Kansas City Southern road, was jailed.

Willie Arrington, thirteen years old,
was arrested at Waila, Mont., charged
with killing William Sitz, his step-
father.

George Jackson, a negro at Dallas,
feeling from arrest, was shot by a
policeman and seriously wounded in
the back.

LADIES PRESBYTERIAL UNION.

Second Day's Session Interesting and Profitable.

The second day's session of the Ladies' Presbyterian Union of the Brazos Presbytery was held yesterday and proved highly interesting and profitable. The attendance was increased by the arrival of other delegates and the Union got down to business early.

The meeting opened at 9:30 a. m. with scripture reading and prayer by Rev. R. M. Hall of Galveston, who also spoke briefly on the scripture read, relating to the Pentecost.

Following roll call and the reading of minutes reports were heard from the field secretary, the treasurer, secretary and the societies. There are eleven societies of the Union represented.

A most excellent paper on "Foundations," prepared by Mrs. Slosson of Houston, who is not in attendance on the meeting, was read by Mrs. D. C. Zuber, and the Union will ask that the paper be published in the missionary magazine.

The afternoon meeting opened at 2 o'clock with devotional exercises led by Mrs. J. D. West. Papers were read by Mrs. Ben S. Read on "Necessity of Organizing," and Miss Pearl Baylor of Navasota on "The Women of the Scriptures." The merit and helpfulness of each of these papers was very marked. A poem contributed by Mrs. Affleck of Brenham was read by Miss Kate Woodward of Navasota.

Rev. W. F. Junkin of Suchien, China, a missionary at home on vacation, and a brother of Prof. T. P. Junkin of College, addressed the Union and a large audience at the Presbyterian church last night. He gave his experiences of many years in China, and the results of

missionary work in that great field where so many lives have been sacrificed in the service of God. Rev. Junkin is a young man of fine ability and a good speaker. He speaks and reads the Chinese language, and has done a great work for the salvation of souls and the propagation of the Christian religion.

The meeting continues today, the election of officers being an important part of the work of the morning.

A TRUE APPETIZER AND TONIC.

Mi-o-na Will Make You Feel Hungry and Hearty, and Give Strength and Vitality.

Ask any friend who looks thin, pale, and out of health how many meals he or she eats a day, and the chances are that the answer will be "Not over two, and I don't feel hungry then." The plump, rosy, and robust eat three square meals daily, and their perfect health is due to a strong stomach and digestive system, as such a system takes out of the food all those elements that make pure blood, and give nourishment and vitality to the body.

The one appetizer and tonic that should be taken is Mi-o-na, the only agent known that will strengthen the stomach and digestive system, and put them in such perfect working order that they will digest easily and naturally all the food that is eaten, and send you to the table positively hungry for the next meal.

Without a strong stomach digestion will be poor, the blood impure, and serious liver and kidney troubles result, causing headaches, spots before the eyes, dizziness, sleeplessness, nervousness, irritability, a furrowed tongue and bad breath, all of which can be readily overcome by the use of Mi-o-na, (costing but 50c a box), as it goes right to the foundation of perfect health, the stomach.

Scores of leading people in this state, including editors, ministers, bankers, and their families, gladly testify to the tonic, strengthening and health giving effects of Mi-o-na. Furthermore, E. J. Jenkins, one of the most reliable druggists in this section, sells Mi-o-na under a guarantee to refund the money if it does not produce satisfactory results.

FOR \$1.00 YOU MAY GET \$1000.00.

FOUR CAPTURED.

That Many of Sextette Who Killed Sheriff Poag Were Arrested.

Memphis, April 13.—A Commercial Appeal special from Senatobia, Miss., says that four alleged members of the sextette of masked men that entered the jail at Senatobia in an effort to take out a prisoner for the purpose of lynching and, who shot and killed Sheriff Poag of Tate county have been captured, brought to Senatobia and placed in jail by a deputy sheriff's posse, which returned from its all-day man hunt shortly before midnight Wednesday night. They are Henry Hunter, William Tully, Alexander Nelson and John S. Bolling, all of whom reside near town of Grayhorn, where lived Euster Thompson, the man who several years ago was shot and killed by James Whitt. It was for the purpose of lynching Whitt that the six men entered the jail at Senatobia. Great excitement prevails at Senatobia. Sam Howell and Norman Clayton are the remaining alleged members of the jail storming gang. Neither has yet been apprehended, although it is said that Howell was severely wounded by Sheriff Poag and that he is now in hiding in a negro's cabin. Poses are searching for these two men. Governor Vardaman has offered \$500 reward for the arrest of them.

Zahlzer, pastor of the Third Cumberland Presbyterian church, who has returned from the meeting of Union Presbytery of the Cumberland church, held at Vanderbilt, Pa., reports that the presbytery decided to favor union with the Presbyterian church by a vote of 15 to 3. BY HER CONSENT.

Miss Patterson Taken to Court to
Plead to Conspiracy Charge.

New York, April 13.—Nan Paterson
was brought into the court of genera-
sessions Thursday by her own consent
to plead to the charge of conspiracy
to get money from the late Caesar
Young. She is accused of having con-
spired with J. Morgan Smith and his
wife, Miss Patterson's sister, to ex-
port money from the dead bookmaker.
She was not allowed to plead to the
charge, however, as Assistant Dis-
trict Attorney Rnd asked Judge Fos-
ter that she be not arraigned, holding
that it is not necessary. Miss Patter-
son's counsel requested permission to
examine the minutes of the grand jury
which indicted her. This was objected
to by Mr. Rand, who asked for a delay
of one day in order that Miss Patter-
son might be arraigned in company
with J. Morgan Smith and Mrs. Smith.
Although Miss Patterson's counsel vig-
orously objected to the delay, same
was granted.

heavy, but not so numerous as on pre-
vious days. Eighteen loaded trucks
were sent out simultaneously from
the firm's headquarters to various rail-
road freight houses.

proposed to use some of the original

lars will be expended in the reproduc-
tion of the Lincoln home.

FISHES AND SQUIRRELS.

Representative Blount Addresses the Senate in Their Behalf.

Austin, April 13.—For an hour and thirty minutes Representative Blount addressed the senate on his measure to "prevent fishes and squirrels from being caught." The senate chamber was crowded. The lieutenant governor, in introducing the speaker, said that his bill was a most important measure. He appointed Representatives Peeler and Hill to escort the gentleman to the stand, where he was received with cheers.

Mr. Blount prefaced his remarks with the statement that it was perhaps the first time the senate had been addressed by a blunt man, and declared that he believed the cheers were due to the "political Nazarene of the house," who wanted to keep him out of congress. (Cheers.) He asserted that he was in politics to stay, and intimated that he would be successful, as crowds and cheers had greeted him, whether he talked upon politics or other subjects. (Prolonged applause.)

He then denounced the catching of fish in wholesale quantities for market, and viewed with alarm the breaking up of the old family fish fry. If his bill was passed, he said, the fish would multiply fast, and every time a fellow caught a big cat or buffalo he would sing the praises of J. J. Blount. This, Mr. Blount frankly stated, would boost his political game. He declared that some politics had been charged against him, which charge he attributed to the "political Nazarene of the house."

A Voice—Who is he?

Mr. Blount—My honorable opponent for congress, Representative Harris, of Galveston. (Laughter and applause.) He is the slickest duck I ever saw. (Renewed applause.) He wants to get rid of me by running me for governor. (Laughter and yells.) But I won't have it, as Tom Campbell of Palestine will be the next governor.

Mr. Blount next touched upon Senator Hawkins for not signing the invitation for him to address the senate. He said the senator had gotten squirrels confused with prairie dogs, as he sold the scraps of the latter to get a living. (Shrieks and yells.)

The speaker praised the juiciness of squirrels and denounced negroes for killing them for sale at 10 cents each. He declared that he was a believer in newspapers, and asserted that he was the best advertised man in Texas. The clock incident, he said, had made him famous.

In conclusion, he profusely thanked the senate for the honor which it had conferred upon him and his home county, Anderson.

Later in the session the senate passed his bill to a third reading.

AGREEMENT REACHED.

Free Conference Committees on Kennedy Omnibus Bill Get Together.

Austin, April 13.—The free conference committee on the Kennedy omnibus gross receipts tax bill reached an agreement.

The bill, as agreed upon, imposes taxes as follows on receipts: Express companies 2 1/2 per cent; sleeping, palace and dining car companies 4 per cent on all Texas business; gas, electric light, power and waterworks companies one-fourth of 1 per cent; wholesale oil dealers 2 per cent; oil producing companies 1 per cent; school textbook and law-book publishing companies 1 per cent; pipe-line companies 2 per cent; cotton and produce exchanges 1 1/4 per cent; commercial and collecting agencies one-half of 1 per cent; telegraph companies 3 per cent; telephone companies 1 1/2 per cent; surety and guaranty companies 2 per cent.

DOWN TO BUSINESS.

Hoo-Hoo-Were Much In Evidence and Had Usual Jolly Time.

Fort Worth, April 13.—Texas Lumbermen's association transacted much business at the second day's session. Treasurer's report showed some members were in arrears and much discussion ensued.

Resolutions of condolence for Secretary Drake, on the death of his wife, were read by Mr. Brazzelton of Waco and were adopted by a unanimous rising vote. Mr. Drake was very much affected.

The Hoo-Hoo had their grand march Wednesday night, and it was a novel affair. The concatenation followed at the Eagle's hall, at the corner of Main and Fourth streets, where a large number of kittens were taken into the fold. There were numerous kittens in the parade and the line of march was illuminated by red lights.

The parade was headed by the Lufkin band, and there were many banners with catchy sayings such as "Rub Me the Wrong Way and See the Sparks Fly," "This Is My Night to Howl," "Great Is Hoo-Hoo," "The Wildest Animal What Is," "There'll Be a Hot Time on the Roof To-night," and "Back to the Fence for Me," above and below the famous Hoo-Hoo cat.

The following yell was given all along the line "One, two, three, four, five, six, seven, eight, nine (by the tail of the great black cat, Hoo-Hoo)."

A feature of the parade was a carriage containing four young ladies of the Red Cross band, who were supposed to administer to the wants of the candidates after the initiation.

LOEB HUNTS RABBITS.

President's Private Secretary Participates in Chase.

Fort Worth, April 13.—Very little business was transacted at the temporary governmental headquarters Wednesday by Secretary Loeb. A considerable amount of mail which should have been forwarded here from San Antonio was sent back to Washington from there as a result of a misunderstanding, and the amount of correspondence which came to Mr. Loeb was, therefore, very light.

During the day the secretary and other members of the president's party participated in a jack rabbit hunt on the Burgess ranch, some fifteen miles north of here.

WORK FINISHED.

Lawyers, Doctors, Teachers, Engineers and Others Will Unite.

St. Petersburg, April 13.—The formation of a National Professional Reform League to unite the activities of lawyers, doctors, teachers, engineers and other professional classes of Russia to bring about the democratization of the government in the institution of a representative party and a responsible ministry is the project set on foot by the National Congress of Lawyers, which finished its work here Wednesday night. The plan proposed is the formation of national associations of the various professional classes, each of which shall elect dele-

JAPANESE BAMBOO MORTAR FOR THROWING HAND GRENADES.

gates to a central bureau, which is to direct and co-ordinate the efforts of the intellectuals, in the direction of reforms.

Other classes which have openly manifested liberal tendencies on many occasions, and notably the doctors at their recent congress in Moscow, are apt to accept the invitation, and unless interfered with, a powerful reform force is likely to spring into being soon.

The deliberations of the lawyers, which were carried to a conclusion in direct disregard of police orders, and which were participated in by 173 delegates, representing every judicial district in Russia except Siberia, resulted in the organization of a National Legal association and the election of a central bureau of thirteen, which is empowered to select legal representatives for a proposed central committee to draft preliminary plans for the organization of that body.

The leaders of the movement declare that the plans do not contemplate any assault upon the monarchical form of government or disloyalty to the empire, but the elimination of absolutism and establishment of participation by the governed in the district of affairs, and especially in the certain matters, as the budget and taxation.

CREATES SATISFACTION.

Former Minister of the Interior May Return to Public Life.

St. Petersburg, April 13.—The report that former Minister of the Interior Prince Sviatopolk-Mirsky will return to public life as president of the re-script committee, although not officially confirmed, created much satisfaction, as his sympathy with the principles of popular representation is well known.

Numberless stories are being printed abroad giving the details as to character, composition and date of convocation of the coming parliament. The Associated Press can state they are premature. Countless plans have been submitted, the favorite one being a parliament composed from two sources—upper house of 120 members, half of them to be nominated by the emperor and half to be elected by the nobility, and lower house of 625 members, elected by various classes in all parts of Russia, including non-Russian provinces. But the commission has not decided even in the principle nature or composition of the parliamentary body. It is the delay which has destroyed popular confidence in the sincerity of the government.

The press won a very considerable victory in the decision of the press combination to remove the censorship from foreign press telegrams. Regulations, however, will not go into effect until the revision of the press laws is complete.

The special committee of the Academy of Sciences, which has been considering the subject, has pronounced in favor of abrogation of restrictions placed upon use of the little Russian language in school and press.

SAW FORTY-TWO.

That Number of Russian Vessels Said To Have Been Seen Going North.

Singapore, April 13.—The Russian fleets were in latitude 8 degrees north, longitude 108 degrees 55 minutes east, at noon of April 11. The peninsula and Oriental steamer Nubia, which has arrived here, reports having passed no less than forty-two vessels there. They were steering northeast at a speed of eight or ten knots. The position of the fleet then was about 300 miles northeastward of Natuna Islands (which lie between Malay peninsula and the west coast of Borneo and more than 200 miles southeast of Cape St. Jacques). This course indicates the fleet is not going to Saigon, French Cochinchina.

PECULIAR SUICIDE.

Peasant Took His Life After the Method of the Japanese.

St. Petersburg, April 13.—The peculiar case of a peasant who committed suicide in the Japanese fashion is reported from Yamishora, near Tsarskoe-Selo palace. The peasant referred to became a great admirer of the valor of the Japanese. He informed his family that he was tired of life and that he proposed to imitate their method of suicide and eventually carried out his intentions.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kable, of Nevada, O., says: I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.
